PROJECTS AND INTERNSHIPS

Internships:

- **SDG-RAIT Summer Internship 2020-2021 - Student Quality Analysis System - (27th January 2021 – 31st March 2021)?:** Student Quality Analysis System is a Web-Based project in which student academic ,extra-curricular, co-curricular activities etc. are analyzed throughout the years which helps their respective mentors to keep track on their activities and if necessary suggestions would be given to improve student's achievements and to develop skillsets.
- **SDG-RAIT Summer Internship 2020-2021 - Budget and Expenditure Management - (1st June 2020 – 31st July 2020):** Budget and Expenditure Management is a Web-Based project in which we have provided a automated system to manage expenditure and budget of an Educational Institute. It makes the work of staffs and higher authorities to manage the paper work related to budget. The system keeps all the records of Budget and Expenditure for future reference.
- **Trivia Software's?** - **Student Management System - (15th April 2020 – 15th July 2020):** Student Management System is a python project in which we can Add, Delete, View, Update, Graph of the Students. Tkinter is used to make the GUI for the system, it is connected with backend through SQlite3 for database management.

Project:

- **Student Mentoring System (1st June 2020 – 31st July 2020):** Student Mentoring System is a Web-Based project in which we have provided a automated system to manage Mentor and Student related activities with ease. It will help mentor to keep a track on student activities throughout the years. HOD will be able to map mentors and student batches and it will be reflected to mentor and students side respectively.
